

**REMARKS**

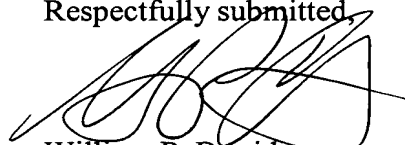

Claims 1-9 are pending in this application. By this Amendment, claim 4 is amended for clarity. No new matter is added.

Claim 4 is amended for clarity and consistency to change "orifice-closing" to "opening-closing" for proper antecedent support and consistency in terminology because claim 1 recites an opening capable of being closed. Claim 4 is concise and definite.

In view of the foregoing, it is respectfully submitted that this application is in condition for allowance. Favorable reconsideration and prompt allowance of claims 1-9 and approval of the replacement drawings are earnestly solicited.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,
